NUCLEONICA – not only science

web 2.0 networking

connect with scientists
from all over the world

share and gather expertise

Unique features to simplify your professional life

keep your contact list up to date

easily reach your colleagues

represent yourself and your institute

meet in specific groups

discuss your work in the forum

ask an expert

keep track of your conference dates

get the latest nuclear news in one spot

The screenshot displays the 'My Community' interface. At the top left is an icon of four stylized people. To its right is the title 'My Community'. Below this are three tabs: 'Community Members', 'My Contacts' (which is selected), and 'Pending Contacts'. A search bar with the placeholder 'Keyword(s):' and a 'search' button is located below the tabs. The main content area is a table with the following columns: 'Image', 'Name', 'Surname', 'Organization', and an empty column for contact icons. The table lists seven members:

Image	Name	Surname	Organization	
	Andrey	Berlizov	Institute for Nuclear Research	
	Sam	Karimzadeh	Atomic institute of the Austrian Universities	
	Emily Alice	Kroeger	Federal Office for Radiation Protection (BfS)	
	Guenter	Luenendonk	ICx Technologies GmbH	
	Joe	Magill	European Commission	
	Halil	MUTUK	Ondokuz Mayis University	
	Zsolt	Soti	European Commission

New features developed constantly

check out the NUCLEONICA marketplace

buy and sell equipment and literature

find and offer jobs

announce and find trainings, education and conferences

Buy		<u>Books</u> I am looking for a used copy of 'Radiation Detection and Measurement' 3rd Edition (2000) from G. Knoll. I have a student budget only, but would be willing to pay up to 40 Euros.	40.00	 Austria	Verena Kleinrath	02.10.2009
Offer		<u>Jobs</u> A medical university is looking for a physicist with experiences in nuclear medicine. The senior research worker job is in the Department for Nuclear Medicine, possibility of PhD or Habilitation.	0.0	 Germany	Zsolt Soti	02.10.2009

Keep yourself updated

My Community – never forget a face again, keep your adress list up to date

My Mailbox – easily reach your colleagues

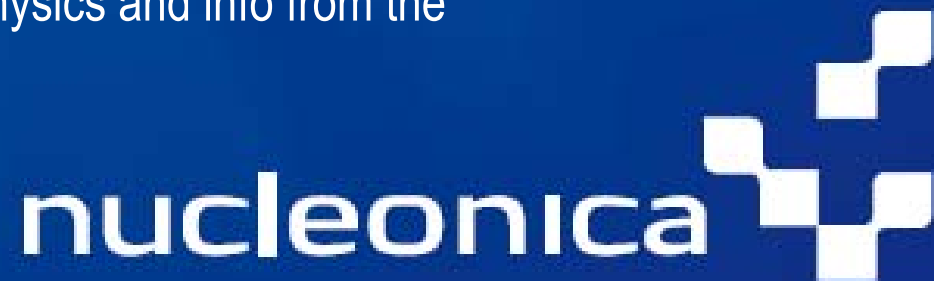

My Groups – join institutes or groups that work on similar topics

Forum – discuss and share expertise, get help for your scientific problems

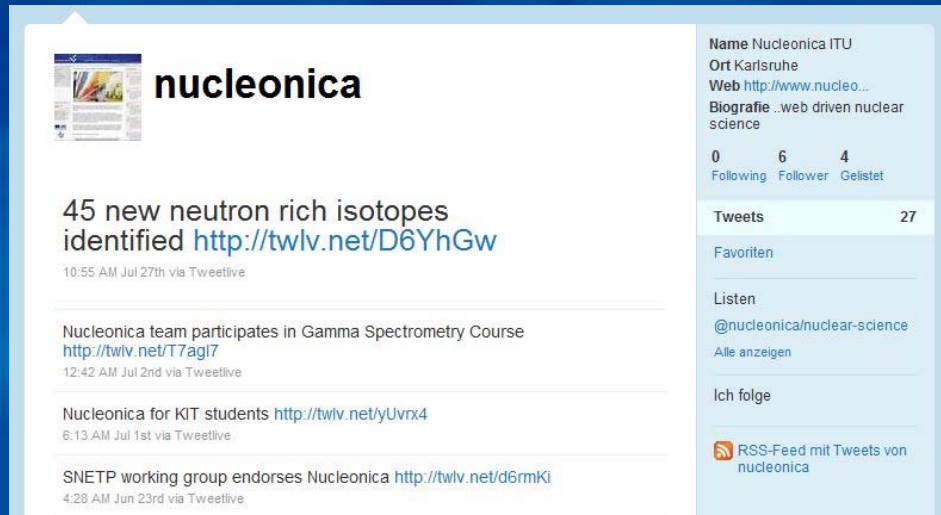

Conference Calender – keep track of your dates and share with others

Wiki – find information on nuclear physics, group pages and manuals to all
NUCLEONICA applications

Blog – get the latest news on nuclear physics and info from the
NUCLEONICA team

Keep yourself updated
